

# ODYSSÉ II by POSLIGNE®

## New-Generation Integrated EPOS System

**HSD** EXCLUSIVE  
by POSLIGNE®

This highly distinctive design cleverly combines the latest in POS and Retail technologies, plus offering an exciting 'new' range of exclusive, up-to-the minute colours.

\*Cassis [violet] – Iris [metallic mauve] – Silver [metallic silver]  
Kiwi [green] – Mocha [coffee brown]

The new generation of Odysse by POSLIGNE® combines cutting-edge EPOS and Retail technologies, to include **HSD Exclusive** by POSLIGNE®, a brand new real-time data transmission and display interface using the HSD (Hardware Status Display) utility, exclusive to AURES' latest range of POS equipment.

**Odysse 2** features a whole new range of modular clips (Clip'n Color system by POSLIGNE®) - incorporating the retailers style, visual identity and brand image all the way through to the till point.

**HSD Exclusive** by POSLIGNE® (Hardware Status Display): this embedded utility provides

an instant display of all the key system data – in a choice of three languages (*processor temperatures, fan/cooling system status, power supply or network interface readings, HDD (RAID) status, network interface*), and so on.

This feature also allows the key data from an entire batch of terminals to be centralised, automatically sending information via e-mail (*to a store chain's Information Systems Manager or Hotline*), for as many units and locations as required.

**INTEL Dual-Core E5300** processor: the **Odysse 2** is equipped with an even more powerful, future proof motherboard (*featuring an INTEL Dual-Core E5300 processor*), a RAID 1 controller - where a second hard drive is

fitted, and Hot Swap capabilities (with the drives located in an easy-access rack to the rear of the machine).

**Odysse 2** also offers excellent ergonomics and easy access to its hard drives and fan system. Fully optimised and located to the rear of the terminal (reached via a hatch behind the touchscreen), the fan can be easily accessed requiring no tool, thus offering extreme ease of maintenance.

# ODYSSÉ II design and technology

- INTEL Pentium Dual-Core E5300 processor
- HSD Exclusive by POSLIGNE®: embedded multilingual Hardware Status Display platform
- Integrated RAID 1 Controller (2.5" hard drive + optional second drive)
- Rack-mounted hard drives + Hot Swap feature
- Optimised processor fan system with easy access
- Giga LAN and/or optional WIFI interface
- 'Energy Star' certified internal power supply
- Wide variety of connections (8 USB ports plus 4 Serial ports)
- Dual-Screen function: optional 2<sup>nd</sup> LCD monitor for dynamic display application
- 2 colours for the base unit (CPU) and 10 colours using POSLIGNE®'s interchangeable Clip'n Color system

## COLOURS OF THE CLIPS

	cassis		tonic orange
	iris		carmine red
	silver		pure white
	kiwi		black piano
	mocha		indigo blue

NEW

## COLOURS OF THE SYSTEM BASE

	pearl		graphite

## MODEL

## ODYSSÉ II

Processor	INTEL Pentium Dual-Core E5300 processor
Chipset	82 G41 + ICH 7
Memory (RAM)	1GB DDR3 DIMM up to 4GB (2 slots)
Graphics memory	Up to 1.7GB shared RAM
RAID 1 Controller	integrated (Hot Swap)
Hard disk drive(s)	1 x 2.5" HDD + optional second hard drive
Touchscreen	15 inches / ELO Touch screen / 60° adjustment
Resolution	1024 x 768
2 <sup>nd</sup> LCD monitor	8.4" for dynamic display (option)

## INPUTS / OUTPUTS

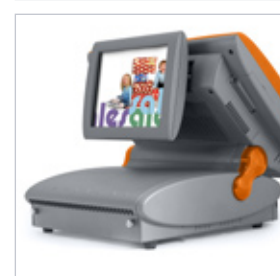

<b>Front face</b>	on/off switch 2 USB ports
<b>Rear face</b>	1 VGA port
USB	6 USB 2.0 ports
Serial/COM	4 COM type ports (DB9 type, 5V/12V configurable via BIOS)
PS2	1
Line output	1
Mike input	1
Giga LAN network connection	1
Cash drawer output	1 x RJ11 (12V / 24V)
Printer output	1 x 24V

## OTHER FEATURES

Customer display	2 lines x 20 characters
Loudspeakers	2 integrated
Mini PCI-e port	integrated
Internal power supply	EU "Energy Star" compliant
Dimensions (W x H x D)	375 x 381 x 325 in tilted position (60° screen angle)
Weight	10.2kg including card reader
Materials	polycarbonate (frames, accessories and customer display)
Compatible Operating Systems	POSReady, Windows XP Pro, WIN 2000/NT 4.0, Windows 7, Linux, etc.

## OPTIONS

2 <sup>nd</sup> 8.4" LCD monitor for dynamic display	Biometric (fingerprint) and MCR reader
Badge and magnetic card reader (MCR)	CD/DVD reader/burner
Dallas key reader	2 <sup>nd</sup> hard disk
Combined Dallas key and magnetic card reader	WIFI
Contactless badge reader (MIFARE)
